

Creative Tech 3 SP 2021 - Project 3 - **Making Spaces** w/ Ebru Kurbak

In this project we will consider the materialities, locatedness, process, tools, politics of *making*, and making's relationship to technology, design and designing. We want to critique/expand established notions of making, and/or complicate ideas about what constitutes a making space.

Your brief is to imagine and stage a speculative making space.

By "making space", we mean a space where something (or a piece of something) is made, or processed.

You will need to consider the tools, processes and context of your making space, and figure out how you create and communicate these elements.

Your space must be primarily a physical space, but you can introduce electronic virtual aspects if necessary. You do not need to build an entire space; you are designing for the view of single fixed camera (see next point). This constraint should allow you to be strategic and efficient about how you create, compose, stage and bring to life your designed space.

At the final presentation, you will share your making space by inviting us to view the 'live feed' – can be fake live:) – from an imaginary security camera installed at your workshop, factory, lab, construction site, ...

Schedule

Wk	Date	Time			Event
		Calif.	Austria	China	
9	Tue Mar 16th	08:00	16:00	23:00	Briefing
	Fri Mar 19th	16:00	—	07:00+1	Building stuff discussion w/ Ben Borden
		19:00	—	10:00+1	Office hours w/ Ben H – optional
10	Wed Mar 24th	08:00	16:00	23:00	Due: Step 1 – What's being made? when? where? why? by whom? what are the components? what's the timescale? how might you mock-up this making space within the constraints of your home workspace? (bring sketches, diagrams, reference materials...) Project idea feedback (in small groups, 3hr total)
	Fri Mar 26th	19:00		10:00+1	Office hours w/ Ben H – optional
11	Wed Mar 31st	08:00	17:00	23:00	Due: Step 2 – How might you perform your making space for the camera? Do you demo live or pre-record (and loop?) In-progress feedback (in small groups, 3hr total)
	Fri Apr 2nd	19:00		10:00+1	Office hours w/ Ben H – optional
12	Tue Apr 6th	08:00	17:00	23:00	Due: Step 3 Final – Demo Party!
